94th Annual Clinical Assembly of the AOCOO-HNS Foundation
May 5-9, 2010 - Hyatt Regency Grand Cypress, Orlando, Florida

Otolaryngology Optional Workshops

Wednesday, May 5, 2010

Separate Registration and Sign-In

Workshop #1:

"Mandatory Combined Residency Program Directors Workshop"

Time: 12:00 noon-3:00 pm

Presenter: Franklin J. Medio, PhD

Fee: NO CHARGE

Course Objective: **"Guide for Program**

Directors: How to Best Conduct Face-to-Face Program Director/Resident Six (6) Month Reviews" and "Resident Interview and Selection Process"

Immediately following workshop, the Program Directors will hold individual ophthalmology and otolaryngology breakout sessions from 11:00am-12:00noon.

Thursday, May 6, 2010

Separate Registration and Sign-In

Workshop #2:

"Osteopathic Manipulative Therapy"

Time: 2:30-4:00pm

Presenter: John G. Hohner, DO

Fee: NO CHARGE

Course Objective: Discussion and demonstration of various osteopathic manipulative therapy techniques used in the treatment and management of patient care as they relate to the specialties of ophthalmology and otolaryngology.

Workshop #3:

"Videostroboscopy and Dynamic Voice Evaluation in the Treatment of Voice Disorders"

Supported by JEDMED Instrument Co.

Time: 2:30-5:30pm

Presenter: Libby J. Smith, DO

Fee: \$75.00*

Course Objective: NEED

Workshop #4:

"Obstructive Sleep Apnea and Snoring"

Time: 2:30-5:30pm

Presenter: Donald M. Sesso, DO

Fee: \$75.00*

Course Objective: This workshop will review contemporary surgical techniques to treat sleep apnea and surgery. Both operative and in-office techniques will be discussed. In addition, a primer on the medical management, diagnosis and treatment of OSA will be discussed. The focus of the didactic session will be to prepare the otolaryngologist to read sleep studies.

Workshop #5:

"Financial Planning"

Time: 2:30-4:30pm

Presenter: Gary Droz, Innovest Financial Management

Fee: NO CHARGE

Topics for discussion:

- Why small investors under perform compared to large or institutional investors
- Why mutual funds under perform
- What is an Exchange Traded Fund (ETF) and how to use them effectively
- How volatility retards wealth growth strategies
- How qualified retirement plans are overused, potentially impeding an investor's ability to achieve their long-term retirement goals
- How retirement plans should address the current tax environment
- Will you ever be able to retire comfortably? Will you outlive your money?
- Tax considerations in planning for an eventual retirement
- Why you should not hate life insurance
- Are you a candidate for a Roth IRA conversion from a traditional IRA in 2010?

This informational workshop does not offer continuing medical education credits.

Friday, May 7, 2010

Separate Registration and Sign-In

Workshop #5:

"Financial Planning"

Time: 2:30-4:30pm

Presenter: Gary Droz, Innovest Financial Management

Fee: NO CHARGE

See topic discussion outline above.

This informational workshop does not offer continuing medical education credits.

Workshop #6:

"Allergy and Sinus Management and Treatment"

Time: 2:30-5:30pm

Presenter: Mahmoud M. Ghaderi, DO, Louis J. Mariotti, DO, Peter J. Catalano, MD, Frederick A. Kuhn, MD and Raymond L. Weiss, MD

Fee: \$75.00*

Course Description: Surgical management of chronic sinusitis.

Workshop #7:

"Pearls and Pitfalls of Phonomicrosurgery"

Time: 2:30-5:30pm

Presenter: Libby J. Smith, DO

Fee: \$75.00*

Saturday, May 8, 2010

Separate Registration and Sign-In

Workshop #8:

"Introducing Cosmetic Procedures Into Your Practice: Latisse, Abobotulinum Toxins, and Dermal Facial Fillers"

Time: 2:00-4:00pm

Presenters: Sirtaz S. Sibia, DO, Neil A.

Persaud, DO

Fee: \$75.00*

OPEN TO BOTH OTOLARYNGOLOGY AND OPHTHALMOLOGY ATTENDEES

Course Objective: Upon completion of this activity, participants will be able to: (1) introduce new procedures into their practice by starting with Latisse and then marketing abobotulinum toxins and dermal facial fillers to your existing patient base, (2) describe indications for abobotulinum toxins and dermal facial filler injections, (3) list the clinical uses of abobotulinum toxins and dermal facial fillers, (4) specify the limitations of abobotulinum toxins and dermal facial fillers in clinical practice, (5) identify the recommended timeline for evaluation of patients during treatments with abobotulinum toxins and dermal facial fillers, and (6) demonstrate competency with abobotulinum toxins and dermal facial filler injections.

Workshop #9:

"In-Office Ultrasound"

Time: 2:30-4:30pm

Presenter: Brian E. Mitchell, DO

Fee: \$75.00*

Course Objective: NEED

Workshop #10:

"Introduction to Autologous Facial Fat Grafting and Laser Skin Resurfacing"

Time: 2:30-5:30pm

Presenter: Anthony C. Corrado, DO and Kevin S. Sadati, DO

Fee: \$75.00*

Course Objective: Autologous facial fat grafting and laser skin resurfacing offers the facial plastic surgeon two cutting edge techniques for minimally invasive facial rejuvenation. The workshop will serve as an introductory course on facial fat grafting. Attendees will gain knowledge on general instrumentation, harvest and grafting techniques, and patient selection. Attendees will also learn how to incorporate facial fat grafting into their facial plastic surgery armamentarium. The workshop will also serve as an introductory course on laser skin resurfacing. General laser principles and techniques will be discussed with special emphasis on fractionated CO2 technology.

*** THERE ARE NO WORKSHOP FEES FOR MEDICAL STUDENTS, INTERNS, CURRENT RESIDENTS AND THOSE IN POST-RESIDENCY FELLOWSHIPS.**

DUE TO THE LIMITED NUMBER OF PARTICIPANTS IN WORKSHOPS, MEDICAL STUDENTS, INTERNS, RESIDENTS AND POST-RESIDENCY FELLOWS ARE ASKED TO PRE-REGISTER AS EARLY AS POSSIBLE.
