This program is valuable for:
* Exhibitors who do not have any insurance.
* International Exhibitors whose liability insurance will not cover them at a U.S Show.
* Companies who do not have the time to deal with all of the certificate arrangements, and need coverage now.
* Exhibitors who find it easier or advantageous to use this program, rather than their corporate insurance; Similar to when you rent a car and do not want to use your own auto insurance.
* Should there be a claim, it will not tarnish your policy and rates. And, unlike most corporate policies, there is no deductible.

Are you worried about lost, stolen, or damaged merchandise?
We also offer affordable short term Equipment/Merchandise/Display Insurance
All exhibitors are strongly urged to obtain full-coverage temporary insurance for their merchandise and displays while in transit and while at the exposition.

WOULD YOU LIKE TO PURCHASE AD SPACE ON OUR 2020 ACA APP

STICKY BANNER
The sticky banner gets the most exposure as it is always visible on the main screen. This is typically the main sponsor opportunity clients use.
ad-on $5,000

SPASH SCREEN
Splash screens are another popular choice. This one shows whenever a user opens the app. It’s a full page so companies like to have the space for an ad, not as much exposure as the sticky banner, but still seen by all users.
ad-on $2,500

SUB PAGE BANNER
Sub Page banners are shown within different sections of the app and can be offered in popular areas like the schedule of the app. A lot of exposure because people will use the app for the schedule, but only visible when the user is in those sections of the app.
ad-on $1,000

MAIN SCREEN BUTTON
Main screen buttons are less intrusive to the user which they often enjoy better than the other options, because they can be seamlessly included within the tiles or on the bottom navigation of the app. Again, these tiles will be hidden from view if the user scrolls on the main screen, but have high visibility being that they are part of the core design.
